EXPERIENCE

EV Club, VIT Bhopal

Event Organiser

Bhopal, MP

Jan 2024 – March 2024

- Spearheaded the end-to-end planning and execution of campus-wide events during the 2024 Fest season.
- Managed and motivated a cross-functional team of 10+ volunteers to ensure the seamless delivery of technical workshops and exhibitions.
- Acted as the primary liaison between club leadership, students, and technical teams to align event objectives with campus interests.

National Service Scheme (NSS)

Volunteer

Agartala, Tripura

Mar 16, 2022 – Mar 22, 2022

- Completed 120 hours of dedicated community service, demonstrating a strong commitment to social impact and community betterment.
- Executed essential community service initiatives at the local district hospital, coordinating with medical staff to assist patients and streamline visitor logistics.
- Organized and led outreach visits to local orphanage homes, actively engaging with children and facilitating support activities.
- Conducted analytical site visits to the weather department to observe operational workflows, specifically documenting the real-world constraints and technical challenges faced by the staff.
- Led a team of volunteers in organizing cleanliness drives and health awareness campaigns in rural areas, showcasing grassroots project management and public speaking skills.
- **Certificate:** [View LinkedIn Credential](#)

PROJECTS

Brain Tumor Detection using Deep Learning

Product Focus: Healthcare Accessibility & User-Centric Problem Solving

- * Developed an advanced detection model designed specifically to assist medical professionals in early diagnosis.
- * Focused on the "end-user" (healthcare providers) by engineering a solution that significantly reduces potential manual screening errors and improves patient outcomes.
- * Managed the technical implementation (Python, TensorFlow, CNN) while keeping the core focus on delivering a highly accurate (90%+) and reliable tool for a critical real-world problem.
